

# Kurose & Tomoe

Summer  
Story

## Late-Summer Greetings!

Hello everyone, it's been hot every day,  
hasn't it?

This book is like an extra chapter of  
Mitsun Renshi (published by Futabasha),  
which is a story about Kurose, a 30-  
year-old programmer, and Totsue, a 14-  
year-old middle-school student.

Although it seems unlikely and even a  
bit off, it's actually a very pure  
relationship.

So with that in mind, please enjoy the  
book!
